## **Independent Auditor's Report**

To the Board of Directors  
York County Community Foundation and  
Affiliates  
York, Pennsylvania

### **Report on the Consolidated Financial Statements**

We have audited the accompanying consolidated financial statements of York County Community Foundation and Affiliates, which comprise the consolidated statement of financial position as of December 31, 2020 and 2019, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

### **Management's Responsibility for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of York County Community Foundation and Affiliates as of December 31, 2020 and 2019, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matter**

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the consolidated financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

### Notes to Consolidated Financial Statements

December 31, 2020 and 2019

#### **Note 1 - Nature of Operations**

The York County Community Foundation (Foundation) is a community foundation. Under Internal Revenue Code Sections 501(c)(3), 170(b)(1)(A)(vi) and Section 509(a), it is a public support charitable organization, gifts to which are deductible for tax purposes.

The York County Community Foundation Advocacy Council (Council) (a Pennsylvania nonprofit organization) was formed to study community challenges and concerns and to develop and advocate support for recommendations.

Memorial Health Fund (Memorial) (a Pennsylvania nonprofit organization) is an affiliate of York County Community Foundation as a supporting organization. Its purpose is to improve the complete physical, mental, and social well-being of the residents of York County.

For purposes of these consolidated financial statements, the entities are collectively referred to as the Organization. The Organization's primary sources of revenue are from investment income and contributions.

The Organization operates as a collection of component funds established by donors. The Organization's funds represent gifts of capital from individuals, families, corporations, trusts, private foundations, and other nonprofit organizations. The Organization serves donors in many ways, including providing a variety of tools and options to help them achieve their charitable goals. The Organization uses its local expertise and philanthropic leadership for powerful community improvement to make York County a great place to live, demonstrating its capacity and ability to fulfill donor intent and be a good steward of all its resources.

#### **Note 2 - Summary of Significant Accounting Policies**

A summary of the significant accounting policies consistently applied in the preparation of the accompanying consolidated financial statements follows.

##### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities, if any, at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

##### **Basis of Consolidation**

The consolidated financial statements include the accounts of the York County Community Foundation, Memorial Health Fund, and the York County Community Foundation Advocacy Council. All significant intercompany transactions and balances have been eliminated in consolidation.

**Note 2 - Summary of Significant Accounting Policies (continued)**

**Basis of Presentation**

The Organization utilizes the accrual method of accounting and follows the *Not-for-Profit Entities Topic 958* of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), which requires the Organization to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

**Contributions**

The Organization recognizes contributions when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

All contributions are considered to be available for operations unless specifically restricted by the donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as support with donor restrictions that increases that net asset class. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Organization reports the support as without donor restrictions.

**Promises to Give**

Promises to give are stated at outstanding balances. The Organization considers promises to give to be fully collectible. If collection becomes doubtful, an allowance for doubtful accounts will be established or the amounts will be charged to income when that determination is made by management. Unpaid balances remaining after the stated payment terms will be considered past due. Recoveries of previously charged off accounts are recorded when received. All promises to give are considered current as of December 31, 2020 and 2019.

**Leasehold Improvements and Equipment**

The Organization's policy is to capitalize all leasehold improvements and equipment with a useful life of greater than one year. Amortization and depreciation is provided on the straight-line method. Leasehold improvements are amortized over the life of the lease and equipment is depreciated over the estimated useful lives of the respective assets.

Maintenance and repairs are charged to expense when paid; major renewals and betterments greater than \$1,000 are capitalized. When items of furniture, equipment, or leasehold improvements are sold or retired, the related cost and accumulated depreciation and amortization are removed from the accounts and any gain or loss is included in the results of operations.

**Note 2 - Summary of Significant Accounting Policies (continued)**

**Net Asset Classification**

All contributions, including those with donor-imposed restrictions, are subject to the variance power of the Organization, as established in its governing documents. The variance power gives the Board of Directors the ability to modify donor restrictions that are incapable of fulfillment or inconsistent with the charitable needs of the community. As a result of the variance power, most contributions are classified as net assets without donor restrictions for consolidated financial statement purposes.

The net assets of the Organization and changes therein are classified and reported as follows:

*Net assets without donor restrictions* - Net assets that are not subject to donor-imposed stipulations.

*Net assets with donor restrictions* - Net assets subject to donor-imposed stipulations that are restricted for a specified purpose or passage of time or are restricted in perpetuity.

When donor restrictions expire, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statement of activities as net assets released from restrictions.

**Cash Equivalents**

The Organization considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

**Investments**

The goal of the Organization is to invest its assets in a manner that will preserve and enhance the real value of the assets over time. The investment policy strives to achieve a total rate of return sufficient to replace the assets spent for grants and expenses and recoup any value lost due to inflation. To minimize risk, the Organization diversifies its investments among various financial instruments and asset categories and uses multiple managers. The Organization's portfolios are managed by outside investment managers who invest according to the investment guidelines established by the Investment Committee and approved by the Board of Directors.

Dividend and interest income is accrued as such income is earned.

**Beneficial Interests in Trusts**

Beneficial interests in trusts consist of beneficial interests in charitable remainder trusts and beneficial interests in perpetual trusts.

**Note 2 - Summary of Significant Accounting Policies (continued)**

**Beneficial Interests in Trusts (continued)**

For beneficial interests in charitable remainder trusts, donors established and funded trusts under which specified distributions are made to a designated beneficiary or beneficiaries over the trusts' terms. Upon termination of the trusts, the Organization receives the assets remaining in the trusts. Beneficial interests in charitable remainder trusts are recorded at the fair value of the trusts' assets net of the present value of the estimated future payments to be made under the specific terms of the trusts. Changes in net assets of the trusts are recorded as gains or losses (change in value of trusts) in the consolidated statement of activities. Net assets and changes in the net assets are recorded as net assets with donor restrictions, subject to the passage of time.

For beneficial interests in perpetual trusts, the Organization is the beneficiary of several perpetual trusts held by a third party. Under the terms of the trusts, the Organization has the irrevocable right to receive the income generated by the trust in perpetuity. The beneficial interests in perpetual trusts are recorded at fair value. Changes in net assets of trusts are recorded as gain or losses (change in value of trusts) on the consolidated statement of activities. Net assets and changes in the net assets are recorded perpetually as net assets with donor restrictions. Distributions received from these trusts are recorded as investment income without donor restrictions. During the year ended December 31, 2020, one of the trusts was terminated and the Organization received a distribution of \$783,624.

**Liability to Life Income Beneficiaries under Split-Interest Agreements**

The Organization acts as trustee for certain charitable remainder unitrusts. The Organization is also an issuer of charitable gift annuities. The net present value of the anticipated benefit to be received from these agreements is recorded as contribution revenue in the year the agreement is created. The present value of the estimated future payments to be distributed during the beneficiary's expected life is recorded as a liability.

As required distributions are made to these beneficiaries, the liabilities are reduced. Adjustments to the liabilities to reflect amortization of the discount, reevaluations of the present value of the estimated future payments, and changes in actuarial assumptions are recognized in the consolidated statement of activities as a change in the value of split-interest agreements.

**Funds Held as Agency Endowments**

Funds held as agency endowments consist of assets transferred from nonprofit organizations that specified themselves or an affiliate as the beneficiary of the fund. It is a reciprocal agreement between the nonprofit organization and the Organization.

Assets are transferred permanently to an endowed fund at the Organization. The assets are invested in an appropriate endowment portfolio allocation and an annual spending policy is applied to determine the maximum amount available to grant to the nonprofit organization during the year. An administrative fee is charged to each fund based on the fund balance.

These endowed funds provide a steady and reliable annual income stream to the nonprofit organization.

### Notes to Consolidated Financial Statements

December 31, 2020 and 2019

#### **Note 2 - Summary of Significant Accounting Policies (continued)**

##### **Income Taxes**

The Foundation is a nonprofit entity as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and is exempt from income taxes on related activities pursuant to Section 509(a) of the Code.

Memorial is a nonprofit entity as described in Section 501(c)(3) of the Code and is exempt from income taxes on related activities pursuant to Section 509(a) of the Code.

The Council is a nonprofit entity as described in Section 501(c)(3) of the Code and is exempt from income taxes on related activities pursuant to Section 509(a) of the Code. In addition, the Council was organized under the Pennsylvania Nonprofit Corporation Law and is exempt from state income taxes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Organization, including whether the entity is exempt from income taxes. Management of the Organization evaluated the tax positions taken and concluded that the Organization had taken no uncertain tax positions that require recognition or disclosure in the consolidated financial statements. Therefore, no provision or liability for income taxes has been included in the consolidated financial statements. With few exceptions, the Organization is no longer subject to income tax examinations by the U.S. Federal, state, or local tax authorities for years before 2017.

##### **Functional Allocation of Expenses**

The cost of providing program and other related activities are summarized on a functional basis in the consolidated statement of activities and by natural classification in Note 11 to the consolidated financial statements. Accordingly, certain costs have been allocated among the program and supporting services. Supporting services consist of management and general, and fundraising (development) expenses. Expenses require allocation on a reasonable basis that is consistently applied. Expenses are generally allocated on the basis of estimates of time and effort.

##### **Change in Accounting Principle**

In August 2018, FASB issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurements (Topic 820)*. The amendments in this ASU removes, modifies, and adds certain disclosure requirements of ASC Topic 820. The Organization implemented this standard during the year ended December 31, 2020. The Organization has determined that the adoption of ASU 2018-13 did not have a material effect on the 2020 consolidated financial statements.

### Notes to Consolidated Financial Statements

December 31, 2020 and 2019

#### Note 2 - Summary of Significant Accounting Policies (continued)

##### Recent Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*, and subsequently amended in ASU 2019-10. The guidance in this ASU supersedes the leasing guidance in Topic 840, *Leases*, which sets out the principles for the recognition, measurement, presentation, and disclosure of leases for both parties to a contract (i.e. lessees and lessors). The new standard requires lessees to apply a dual approach, classifying leases as either finance or operating leases, based on the principle of whether or not the lease is effectively a financed purchase by the lessee. This classification will determine whether lease expense is recognized based on an effective interest method or on a straight-line basis over the term of the lease, respectively. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases today. The new standard requires lessors to account for leases using an approach that is substantially equivalent to existing guidance for sales-type leases, direct financing leases, and operating leases. The new standard will be effective for fiscal years beginning after December 15, 2021.

In September 2020, the FASB issued ASU 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosure by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which will require not-for-profit entities to present contributed nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash and other financial assets. Also, this ASU will require disclosure of a disaggregation of the amount of contributed nonfinancial assets by category that depicts the type of contributed nonfinancial assets as well as additional information around valuation and usage of the contributed nonfinancial assets. The amendments in this standard should be applied on a retrospective basis and are effective for annual periods beginning after June 15, 2021, and interim periods within annual periods beginning after June 15, 2022.

The Organization is currently evaluating the impact of the pending adoption of the new standards on the consolidated financial statements.

#### Note 4 - Investments

Investments are at fair value and consist of the following as of December 31:

	<u>2020</u>	<u>2019</u>
Equity securities	\$ 121,897,926	\$ 115,771,447
Alternative investments	29,839,166	25,982,350

	<u>\$ 174,768,798</u>	<u>\$ 160,565,971</u>

Equity securities include equity-based mutual funds and pooled separate investments. Fixed income funds include fixed income-based mutual funds and pooled separate investments (refer to Note 5).

#### Note 5 - Alternative and Pooled Investments

The Organization invests in hedged funds, pooled separate accounts, private equity, and real estate alternative investments to further diversify its investment portfolio. The funds (primarily the hedge funds and private equity) have investments in certain securities, limited partnerships, real estate, and other investment funds for which market values may not be readily available. The underlying portfolio funds may hold investments for which market quotations are not readily available and thus valued at their fair value, as determined in good faith by their respective portfolio fund managers. Investments in limited partnerships and other investment funds are valued at fair value, which is generally the latest net asset value made available by the fund manager or administrator prior to the valuation date.

The Organization also holds assets placed with a money manager who holds the investments in pooled separate accounts. The value of these investments are held at the net asset value (NAV) of the units held. The NAV is issued as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The funds hold certain investments, which may be valued by a single market maker. The estimated values may differ significantly from the values that would have been used had a ready market for the investment existed; they may have been affected by the decline in liquidity and prices of investments and real estate or by the lack of observable transaction data and inputs in certain transactions. Actual results could differ from those estimates, and the difference could be material.

### Notes to Consolidated Financial Statements

December 31, 2020 and 2019

#### Note 5 - Alternative and Pooled Investments (continued)

The private equity funds were entered under terms of subscription agreements and have no redemption options and the investment will terminate on February 4, 2029. Drawdowns for the years ended December 31, 2020 and 2019 amounted to \$2,244,803 and \$2,058,750, respectively.

Risks arise from changes in the value of the transactions, contracts, and agreements and the potential inability of the funds to timely liquidate individual funds or real estate in the portfolio. There are numerous factors that may significantly influence the market value of these contracts and agreements, including interest rate volatility and currency and future adverse political and economic developments involving investments in foreign companies. These factors were considered by the Organization prior to making this investment and it was determined the investment would be beneficial to leverage risk in other areas of the investment portfolio.

#### Note 6 - Fair Value of Financial Instruments

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used are required to maximize the use of observable inputs and minimize the use of unobservable inputs.

**Note 6 - Fair Value of Financial Instruments (continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 and 2019.

Cash equivalents: these assets have liquidity available within 90 days or less from initial purchase date and therefore do not need to be marked to market.

Mutual funds: valued based on quoted market prices for the identical securities.

Other investments: marketable and nonmarketable securities include alternative investments and pooled separate investments and are valued using the net asset value (NAV) of the fund obtained from the general partner or investment manager. Substantially all the underlying investments are marked to market, with the general partner reserving the right to make adjustments to such valuations or approve the use of certain estimates if deemed necessary to reflect the appropriate estimated fair value.

Beneficial interests in perpetual trusts (trusts): valued at the Organization's interest in the quoted market prices of the underlying assets contained in the trusts at year-end. Control of the assets is held by the Trustee, not the Organization.

Additionally, certain of the Organization's beneficial interests in perpetual trusts were invested in assets whose fair value was determined using net asset value of the respective trust's investments. Although the investments in these trusts are exclusively identified as Level 3 in accordance with ASC 820, the underlying holdings of the investments fund are comprised of a combination of Level 1, 2, and 3 securities. The investments fund reports the net asset value of the fund's investment to the fund on a periodic basis.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value at time of sale or maturity or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (a) This class represents investments not in active markets that are measured at fair value using the net asset value per share (or its equivalent) practical expedient and have, therefore, not been classified in the fair value hierarchy (see Note 5).

#### Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

### Notes to Consolidated Financial Statements

December 31, 2020 and 2019

#### Note 6 - Fair Value of Financial Instruments (continued)

##### Changes in Fair Value Levels (continued)

The Organization evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total assets. For the year ended December 31, 2020, \$783,624 was transferred from Level 3 to Level 1 due to the distribution received from the terminated perpetual trust (refer to Note 2). There were no other transfers into or out of Level 3 for the year ended December 31, 2020. During the year ended December 31, 2019, there were no transfers in or out of Levels 1, 2, or 3.

During the year ended December 31, 2020 and 2019, there were no purchases of Level 3 assets.

The carrying amounts of cash, accounts payable and accrued expenses, and grants payable in the accompanying consolidated statement of financial position, approximate fair value given the short-term nature of these financial instruments.

#### Note 7 - Liquidity and Availability

Financial assets available for grants and general expenditures, that is, without donor restrictions or other designations limiting their use, within one year of the consolidated statement of financial position, comprise the following as of December 31:

	<u>2020</u>	<u>2019</u>
Cash and cash equivalents	\$ 9,027,985	\$ 8,004,914
Promises to give	113,151	31,732
Distributions from beneficial interest in assets held by others	108,000	170,000

<b>Financial Assets Available to be Used for Grants and General Expenditures Within One Year</b>	<b><u>\$ 15,548,105</u></b>	<b><u>\$ 14,152,054</u></b>

The Organization's board-designated endowments are subject to an annual spend rate of 4.5%. A spendable amount of \$6,298,969 as of December 31, 2020 will be made available for grant making and administrative expenses from these endowments within the next twelve months. Although there is no intention to spend from board-designated endowments (beyond spending-rate distributions and appropriations), these amounts could be made available if necessary.

#### Note 7 - Liquidity and Availability (continued)

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its awarded grants, general expenditures, liabilities, and other obligations are due. The Organization invests cash in excess of daily requirements in money market accounts, certificates of deposit, treasuries, and short-term investments.

Endowment assets are pooled for investment, with liquidity managed through the pool's target allocations to illiquid investments, and periodic review of current illiquidity and projected total exposure to managers with lock-up provisions.

#### Note 8 - Grants and Fund Distributions

Grants and fund distributions approved and paid in 2020 and 2019 and those committed for future payments consisted of the following at December 31, 2020 and 2019:

	<u>Grants</u>	<u>Distributions from Agency Endowments</u>	<u>Total</u>
<b>Payable December 31, 2018</b>	\$ 561,300	\$ -	\$ 561,300
2019 grants approved	5,907,945	764,777	6,672,722

2020 grants paid	<u><b>(6,134,966)</b></u>	<u><b>(844,514)</b></u>	<u><b>(6,979,480)</b></u>
<b>Payable December 31, 2020</b>	<u><b>\$ 1,252,797</b></u>	<u><b>\$ -</b></u>	<u><b>\$ 1,252,797</b></u>

Grants payable consist of the following for the remaining three years ending December 31:

2021	\$ 827,797
2022	225,000
2023	<u>200,000</u>
	<u><b>\$ 1,252,797</b></u>

### Notes to Consolidated Financial Statements

December 31, 2020 and 2019

#### Note 9 - Organization Endowment Funds Held for Others

The Organization maintains variance power and legal ownership of organization endowment funds, and as such, continues to report the funds as assets of the Organization. However, in accordance with the *Not-for-Profit Entities Topic 958* of the FASB ASC, a liability has been established as funds held as agency endowments, which is equivalent to the funds' current fair market value as of December 31:

	<u>2020</u>	<u>2019</u>
<b>Organization Endowment Funds Held for Others</b>	<b><u>\$ 27,706,622</u></b>	<b><u>\$ 25,190,396</u></b>

#### Note 10 - Note Payable

On March 27, 2020, Congress enacted the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) which established the Paycheck Protection Program (the Program). The Program was created to assist small businesses in paying their employees and certain other expenses during the COVID-19 crisis (refer to Note 16). The Organization applied for a loan under this Program and received a loan in the amount of \$207,300 on April 16, 2020. The loan is forgivable if the Organization meets certain criteria as established under the Program. The loan is unsecured and does not require personal guarantees.

The loan bears interest at a fixed rate of 1.00%. Based on the original terms of the loan agreement, the loan was to accrue interest for the first six months following the date of the loan and thereafter would convert to monthly payments of principal and interest of \$11,608 beginning November 16, 2020. The Paycheck Protection Program Flexibility Act of 2020 extended the deferral period for borrower payments of principal, interest, and fees on the loan to the date that the SBA remits the loan forgiveness amount, or if loan forgiveness is not requested, ten months after the end of the loan forgiveness covered period, which generally begins on the date the loan proceeds were received. The Organization has elected to use a 24-week loan forgiveness covered period. If any portion of the loan is forgiven in connection with the CARES Act and the terms of the Program, the monthly payments of principal and interest shall thereafter be recalculated by the lender to fully amortize any outstanding amounts remaining after forgiveness over the remaining term of the loan. The loan matures on April 18, 2022, at which time all remaining principal and interest is due.

The Organization has applied for loan forgiveness for the full balance as of December 31, 2020.

#### Note 12 - Retirement Plan

The Organization maintains a 403(b)(7) tax-deferred retirement plan that covers employees who meet certain eligibility requirements. The Organization's contributions to the plan are comprised of a matching contribution equal to 100% of an employee's contribution, not to exceed 5% of an employee's compensation. Participants may make voluntary contributions to the plan up to Internal Revenue Service guideline amounts. Employer contributions to the plan were \$50,326 and \$41,861 for the years ended December 31, 2020 and 2019, respectively.

#### **Note 16 - Risks and Uncertainties**

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. The actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economy, financial markets, public support, and the geographical area in which the Organization operates. It is unknown how long these conditions will last and what the complete financial effect will be to the Organization.

Additionally, it is reasonably possible that estimates made in the consolidated financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions.

#### **Note 17 - Subsequent Events**

The Organization has evaluated subsequent events through June 29, 2021. This date is the date the consolidated financial statements were available to be issued. The following material event was noted subsequent to December 31, 2020:

On January 9, 2021, the Organization was notified that the full amount of the first Paycheck Protection Program loan (refer to Note 10) has been forgiven. This debt forgiveness will be recognized as an in-kind contribution during the year ended December 31, 2021.

No other material events subsequent to December 31, 2020 were noted.
